New Business:

- January PDTA Active Membership Meeting input and discussion
- Seniority:
 - Seniority lists will be distributed to each building soon. All members should verify their personal seniority immediately.
 - Members are to report all personal seniority concerns/interests to their PDTA Building Representative by February 24th.
 - Building Reps should compile and share the interests with Karen Kalinowski in one report by February 25th.
- Posting process for 2022-23
PDTA is working with the District to make the posting process happen earlier to help aid in the hiring process.
- Masking update on legal challenge:
PDTA encourages all to fill out the survey on masking. PDTA is working with the District on the transition to mask optional if the state mask mandate is reversed.
- Negotiations Team Stipends:
Executive committee looked at a proposed stipend chart for the Negotiations team. Chart will be sent to RA for approval
- WIN Discussion:
Executive committee discussed concerns around WIN time at the high schools. PDTA is working to ensure that all elements of the agreement are being upheld by the district. At this point, there is concern that there has not been sufficient time given to members to complete WIN tasks.
- Negotiations Input Collection:
Each building should offer at least three collection times. Staggered times may be needed so that all members are able to attend outside of their normal work hours.
