

STUDY GRANTS FOR PROFESSIONAL DEVELOPMENT

In an effort to promote continued professional development, Article 2-5 of the current Agreement between the Board of Education and the Pittsford District Teachers' Association was negotiated. Article 2-5 states:

“The District shall appropriate a fund of no less than \$5000 to be used by staff members for professional development activities during recess periods. The Study Grant Committee, comprised of three PDTA members and two Administrators, shall decide who shall be awarded recess period grants.”

The purpose of study grants is to provide staff members interested in professional development an opportunity for reimbursement of expenses that would not be covered by other methods, such as tuition reimbursement or conference allocations. The Study Grants Committee, comprised of teachers and the Assistant Superintendent for Human Resources, will determine the distribution of the funds. Distribution of the funds will be determined by the relevance and anticipated value of the proposed studies. The Committee will give preference to those applicants who have not previously received funding. Preference will be given to Professional Staff over Paraprofessional Staff.

Applications for study grants for the November, December, February or spring recess periods must be completed and submitted to the PDTA Office by November 1. Applications for study grants for the summer recess must be completed and submitted to the PDTA Office by April 1. Please remember that study grants will only be awarded for professional development activities that take place during recess periods.

Recipients of Study Grants will be asked to compose a short article for an upcoming *Speak Out* publication highlighting the impact the Study Grant had on his or her work.
