Executive Committee Meeting
Lomb Building Porch
Monday, February 6, 2017
3:30 p.m.

Updates:

- Procedures when overpayments occur – Meeting with Darrin Kenney: PDTA has drafted an MOA to clarify procedures for recapturing any overpayments. In the future the recapturing of all funds will go through the association who will advocate for the member.
- Dave Larson will review KEEP responsibilities: KEEP foundation holds a meeting monthly—the first Thursday at 4:00 at Harris Beach Law. To serve on this committee one would need to be present at these meeting, along with help to promote the benefits of this organization. PDTA will be seeking a new PDTA representative for the next school year. Anyone who has an interest in serving as the PDTA representative for this committee should contact the PDTA office.
- 1st Review of District PDTA election timelines and building timelines
- Kim to conduct March's Executive Committee meeting because Jolene will be attending NYSUT's Committee of 100.
- Transition – PDTA Social Media accounts. Currently Kim holds the passwords to the twitter account and the Facebook accounts. It is recommended that PDTA have a designated person to maintain and update these accounts. Jolene will no longer be utilizing these accounts as of March 31st.
- School calendar: Jolene requested feedback based on two options that were shared at the county level. Calendar was slowed due to the state testing calendar.
- ITSS Committee
 - The ITSS committee was formed this year because the district wanted to add a teacher position to technology. Position will be posted in the spring and will be open to any tenured staff member. The position will be a full time. Official communication to be sent out by the district.
- Process for filling mid-year vacancy: It is not our practice to move staff mid-year; therefore, if a position becomes available after the school year has started it will first be offered to any a part time staff member who is qualified. If that option is not available, we would hire a substitute for the rest of the year. If a sub is not available, the position could be broken up and filled through overloads.
