Ebert, S
Cerbone, D
Chesko, K

Spring, L
Mauger, L
Socker, K
Merffield, C

Dolan, K
Althouse, M
LaBarr, P
Pellegrino, D

Old Business:

- PDTA is working with the district on potential incompletes for the second semester. PDTA is requesting a district wide communication for those students who are in danger of an incomplete. Members would also like a date for ending new instruction that is consistent across the district.
- Safety committee will not be meeting as proposed. Dwayne will review all communication prior to messages going out.
 - Dwayne has directed all PDTA safety representatives to contact their building administration and ask that they be involved in any plans for re-entering the buildings.
 - Safety committee has created a list of topics to share with the district.
- There has been no communication from the district regarding the last day of instruction. PDTA is encouraging the District to communicate soon so that teachers can plan appropriately.

New Business:

- Essential Learning documents have been submitted to Standards Leaders. Dwayne is requesting that teachers receive feedback from the district on this work.
